Republican Township Meetings.

The County Republican Committee this morning issue a call for township meetings to be held Saturday evening, the 4th to choose delegates to the County Republican Convention, which is to meet at the Court House on the 11th to appoint dele-A Subscription to the Wheeling & Lake Eric.

Both branches of Council last evening passed an ordinance providing for a vote on the question of subscribing \$300,000 to the Wheeling & Lake Eric Railroad at the same time the Bridge subscription is voted on (June 1st.) In the Second Branch a petition from the corporators of the Wheeling & Tuscarawas Valley Railway Company, asking a similar vote on s subscription of \$300,000 to that enter prise, was referred to the Committee on ces and to the Committee on Railroads. VOTE ON NEW COUNTY ORGANIZA

Tion. The Supervisors yesterday passed an ordinance to provide for a vote in this county, at the time of voting on the Constitution, for or against rejecting the county court system provided for in the new Constitution. A resolution was adopted requesting the members of the Wheeling bas to prepare a new plan of county orga nization to be submitted to vote at a special election in case the Constitution ould be ratified and the county court system be rejected. Another was adopted requesting the Supervisors of the other Panhandle counties to appoint committee to confer and co-operate with the Wheeling bar in preparing and submitting to their counties and this a uniform plan of county organization. It is understood Gen. WHEAT of this city has a plan to propose which contemplates the government of each of the Panhandle countie by a board of commissioners, with a judge for the four counties who shall be ex officio president of these boards.

THE NEW MARTINSVILLE PAPER. The first number of the Martin's Ferry Commercial has been laid on our table. It is a very creditable paper. It is well written up and neatly printed. The local page is particularly well filled. The paper proposes to be free from party trammels, to devote itself to local and county news and interests, and to the ation of an elevated literature We doubt not that in the thriving town of Martin's Ferry and in the populous and intelligent county of Belmont the Commercial will find an ample field for the course it proposes, and we trust it will meet with a generous support, such as it will deserve if subsequent numbers are kept up to the standard of this. Mr. GRORGE BARR, well known to the craft in this city has charge of the typographical department, and we believe our friend Capt. JAMES DEAN is not wholly disconnected with its editorial column The Commercial is published by a Company styled \*The Martin's Ferry Print ing and Publishing Company."

NEW COUNTY LOAN .- The Finance Committee of the Board of Supervisor was yesterday instructed to advertise for proposals for a loan of \$100,000 to pay the compromise Hempfield Railroad due and soon to become due, and to pro vide for some other county indebtedness There are yet \$49,000 of these Hempfield bonds unredeemed, of which \$25,000 are due to-day and the rest a year hence.

THE usual effect of a large conscription upon the public health is now being shown in France in an amazing number of cases of detective vision among the conscripts. During the days of drafts in our own civil war the same phenomeno was noted, and very many persons whose eyes had never before troubled them were obliged to use glasses for weeks together

COUNTY SUBSCRIPTION TO RAILBOAL BRIDGE.—The Supervisors yesterday provided for submitting to the people of this county on the 1st of June, the question whether the county shall subscribe \$100, 000 to the proposed Railroad Bridge. The ordinance on the subject appears in our advertising columns this morning.

THE Washington Patriot wants to know if the people at this election are "going down into the grave of events to resurrect its sleeping contents, wax angry, and fight the skeletons of the past?" We sincely hope not; and yet, if they will have a Democratic ticket in the field

there is nothing else for them to do. AT Steubenville, Sunday evening, two coal miners, MICHAEL McDEVITT and PATRICK McLaughlin, got into a quarrel on a stone culvert of the P., C. & St. L. Railway, and McLaughlin pushed Mc DEVITT over the brink. He fell thirty feet, and was so badly injured that he

died next morning. A FERRY skiff plying between Parkersburg and Belpre was run down by a tow boat with barges, Sunday night. HENRY CAPLINGER, the ferryman, was drowned and it is feared he had some passengers in the skiff with him. The whole tow passed over the skiff and all in the skiff were lost.

Lake Shore & Tuscarawas Valley Railroad. The Tuscarawas Advocate, in speaking

of this road, says;

"The surveyors started from this place,
Thursday morning, to locate the L. S. &
T. V. R. R. from Riker's Gap to the Pan In referring to the same road, the Cadiz

Republican says:

"The real work goes on. As soon as the Lake Shure & Tuscarawas Valley Road shall be completed to the Pan Han-die at Urichaville, or wherever they intend to cross then some line to the river will be adopted and built."

BALTIMORE & OHIO RAILROAD.—At the recent monthly meeting of this company, it was announced that a semi-annual divi dend of 5 per cent would be made on the stock of the main stem and the Washington Branch, and that probably this rate

can be maintained hereafter. The rate heretofore has been 4 per cent. As the city of Baltimore holds \$3,250,000 of these stocks, for which it issued its bonds on which it pays 6 per cent, its income from the stock will be \$325,000 yearly, or a profit of \$180,000. The President took occasion to contrast the profitableness of this investment of the city with the losser in its investments in the Northern Central and the taxation imposed by its investments in the Western Maryland. Mr. Garrett also announced that the North German Lloyds has determined to add two new and large steamers to those it now has plying between Baltimore and and that the business of the Allan steamers now plying between Liverpool and Baltimore is increasing.
